Studytok Ambassador

Earn commission bringing Studytok to your school

COMMISSION

20% of what they pay

COST

Free to join

WHO

Students in Ireland, 13+

Ambassadors are not paid a retainer. You earn on what you sell, with no cap on how much you sell.

About Studytok

Studytok is a study app for Irish Junior and Leaving Cert students, available on web and mobile. Ambassadors are students who bring Studytok to their own school and earn commission on every sign up they bring in.

How it works

- You get your own referral code and link when you join.
- Anyone who signs up with your code gets 20% off.
- You earn 20% of what they pay, for their first 12 months.
- Sell it however you want: your classes, your year group, your accounts, posters around the school.

There are no video quotas and no set hours. The only thing that counts is that people use your code.

What you earn

20% commission. On an annual plan that is a single payment when they sign up. On a monthly plan you keep earning every month they stay, up to 12 months.

Leaderboard bonuses. The top 5 ambassadors each month earn an extra bonus on top of commission.

An ambassador pack. Flyers, posters and QR codes sent out to you, with scans tracked back to your code.

Worth knowing

You need to be 13 or over. If you are 13 to 15, a parent or guardian signs off when you join. If you are 16 or 17, you can sign up straight away and a parent or guardian signs before any payout is made.

Interested?

Sign up at studytok.com/ambassadors. It takes a few minutes:

- Enter your email and get a magic link to your ambassador page.
- Sign the terms, with a parent or guardian countersignature if you are under 18.
- Add your bank details so commission can be paid out.
- Get your code and start sharing it.
